Musical Theatre or Musical

- **Musical Theatre** combines *singing, acting, a lot of dancing and some spoken dialogue*; and is presented in a popular music style. Located in the Theatre District and Lincoln Centre along **Broadway**百老汇 in Mid-town Manhattan, New York City, the area has around 41 professional theatres, each with 500 or more seats. Broadway in New York and London's **West End** have the highest concentration of musical theatres in the English-speaking world.
- Many musicals were made movies. Some animations were staged as musicals.
