# Sally Clapper

Sausalito, CA | (+1)415• 646•7338 | sallyclapper@berkeley.edu | linkedin.com/in/sallyclapper

## Summary

Strategic business leader who earned her stripes helping some of the world's top CPG and eCommerce companies to create competitive advantages and drive more efficient, consistent market share growth by creating holistic strategies based on data, insights, and cross-functional collaboration. Influential and trusted thought partner for the C-suite, BOD, and top clients with an ease for developing authentic relationships. Above all, a passionate devotee to the development of colleagues' careers, team capabilities, and morale.

## Education

**University of California, Berkeley** — **Berkeley, CA**
*Bachelor of Science, Business Administration, Global Management Program (GMP)* — *Jun 2023*
Ford Scholar Award (given to student with highest grade in the class), GPA: 3.9 / 4.0
*Relevant Coursework*: Principles of Business | Global Leadership Development | Business Communications | Marketing
Macroeconomic Analysis for Business Decisions | Financial Accounting | Managerial Accounting | Probability & Statistics

**Accent London Study Center** — **London, UK**
*Semester of Study Abroad, Visiting Undergraduate Student* — *May 2022 – Aug 2022*
Deans Honor List
Coursework in writing and research, art history, philosophy, politics, international culture and business

**Tamalpais High School** — **Mill Valley, CA**
Graduated with High Honors. SATI: M:780 V:760 — *Jun 2019*
National Honor Society, Captain of Women's Varsity Soccer Team

## Work Experience

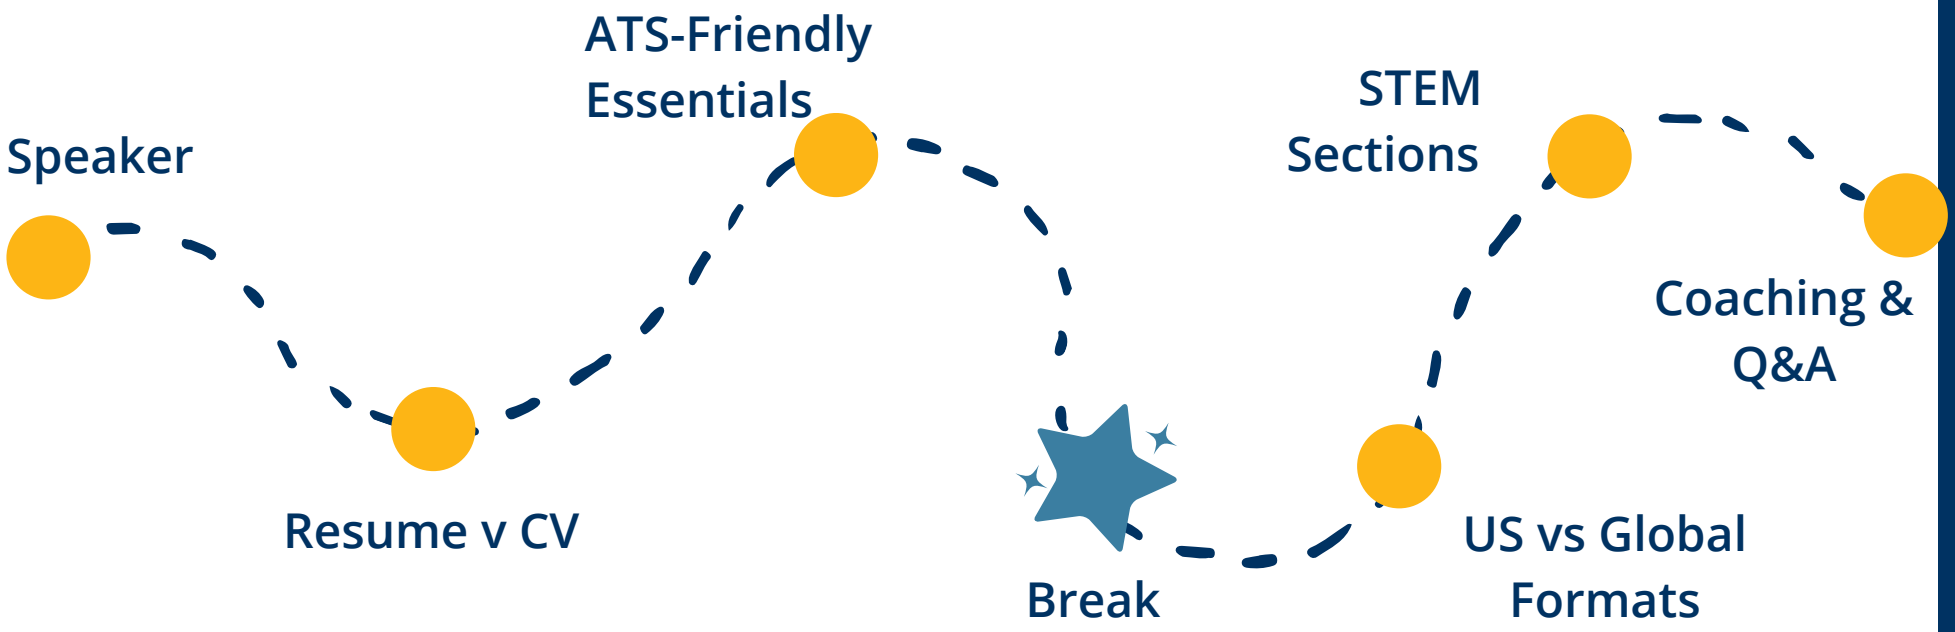

**Pepsi-Cola North America Beverages** — **Remote**
*Marketing Analyst Intern* — *May 2021-Aug 2021*
- Examined profitability of foreign market for new fruit drink using analysis of comparable brands

### Work Experience

**Pepsi-Cola North America Beverages** — **Remote**
*Marketing Analyst Intern* — *May 2021-Aug 2021*
- Examined profitability of foreign market for new fruit drink using analysis of comparable brands
- Managed focus groups and consumer surveys gathering over 500 data points
- Created ideas for niche marketing campaigns including use of social networks and viral marketing
- Presented findings to senior managers using quantitative analysis and creative visuals in combined PowerPoint presentation

**Thomas Wilck Associates** — **London, UK**
*Assistant Account Executive* — *May 2020 - Aug 2020*
- Researched and assembled requests for proposals for medium-sized public relations and communications firm
- Actively participated in staff meetings and brainstorming sessions
- Generated correspondence with top executive officers

**Tech Hills** — **Los Angeles, CA**
*Technology Intern* — *May 2019 - Aug 2019*
- Assisted in client onboarding compliance checks & monitoring by performing in-depth credit analysis for loan authorization
- Implemented new web site, including back-end database storage system and dynamic web pages
- Created App for annual conference registration for attendees, presenters and vendors

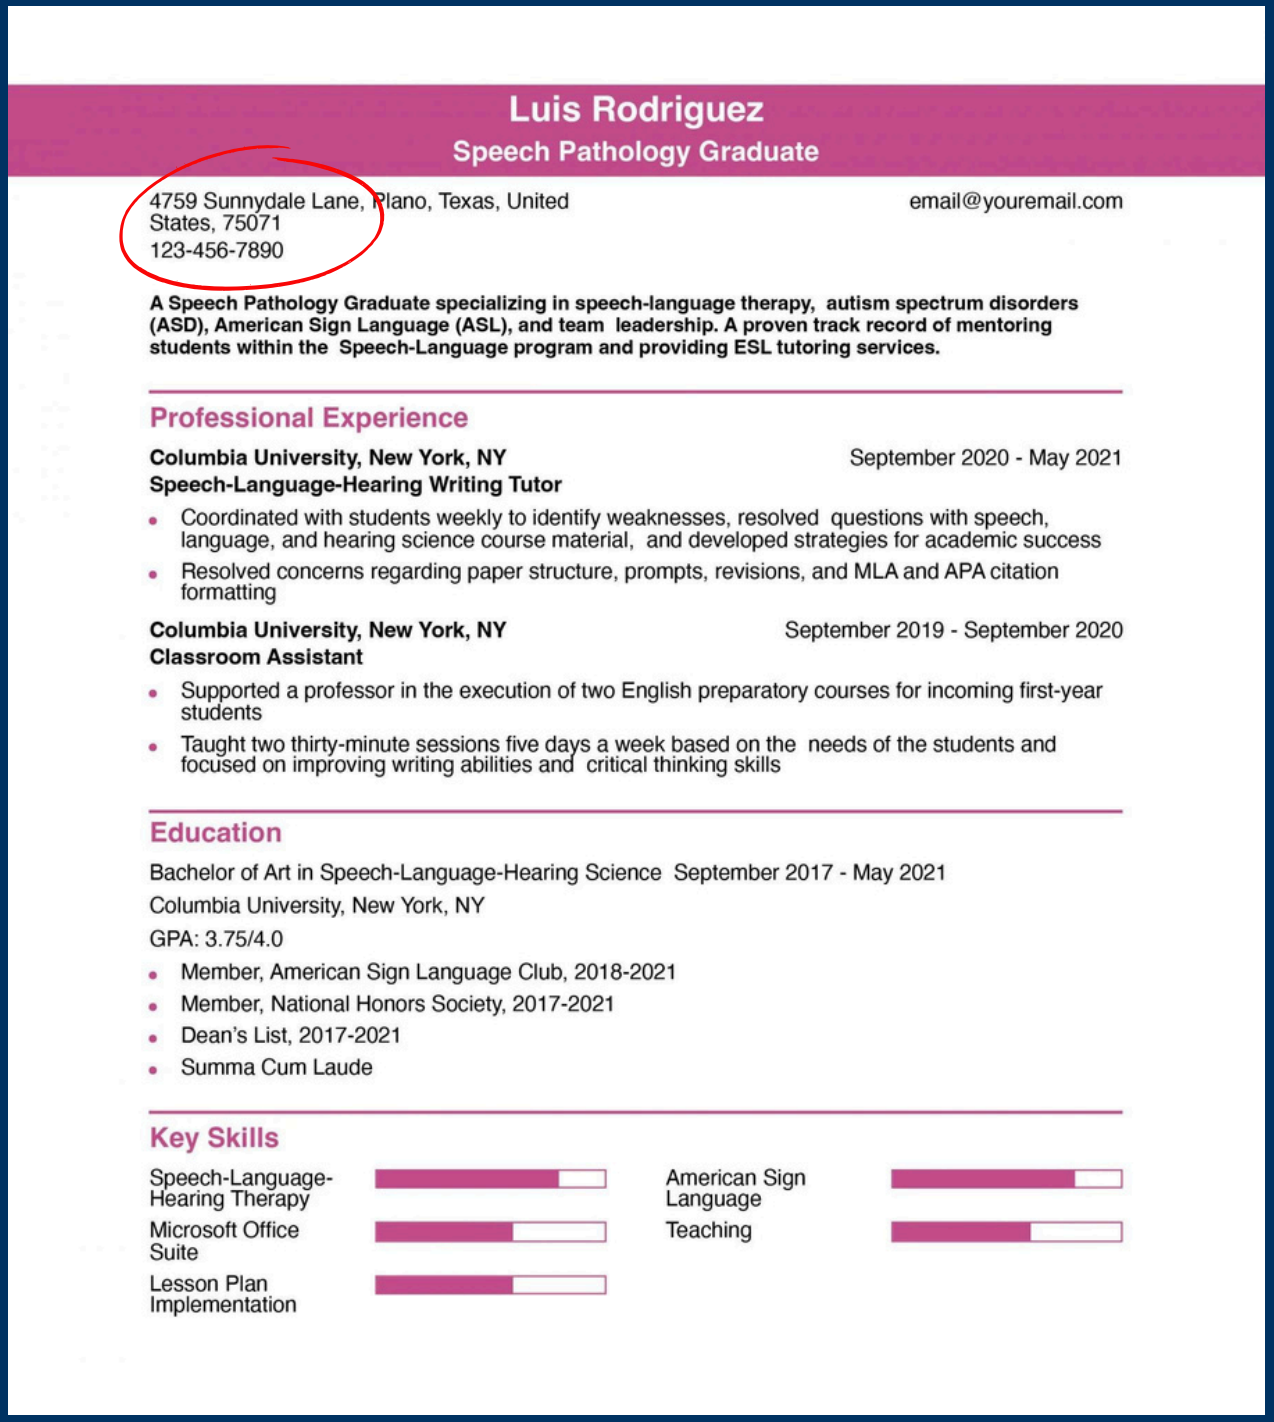

### Leadership Experiences

**UC Berkeley Undergraduate Women in Business (WIB)** — **Berkeley, CA**
*Executive Committee Member* — *Feb 2019 - Present*
Organized marketing and advertising campaign to increase membership. Coordinated business conference and networking reception for 50 business professionals and 500 students.

**UC Berkeley College Marathon Challenge** — **Berkeley, CA**
*Training Program Director* — *Jan 2019 – May 2019*
Developed training program for 25 charity runners. Raised over $25,000 to support Phillips Brooks House Association and The Cambridge Food Project.

### Skills & Languages

**Hard Skills**: Digital Marketing, Stata, SQL, Java and HTML, SEO, Web Development, Wordpress, Canva, Microsoft, Adobe & Google Suites, HubSpot, Salesforce
**Soft Skills:** Self-motivated, Naturally Curious, Avid Learner, Excellent Communication & Interpersonal Skills Among Diverse Groups, Able to Turn Feedback into Action, Empower Those Around Me, Highly Reliable & Ethical, Can-do Attitude
**Languages**: English (native), Spanish (fluent)

# Luis Rodriguez

## Speech Pathology Graduate

4759 Sunnydale Lane, Plano, Texas, United States, 75071
123-456-7890

email@youremail.com

**A Speech Pathology Graduate specializing in speech-language therapy, autism spectrum disorders (ASD), American Sign Language (ASL), and team leadership. A proven track record of mentoring students within the Speech-Language program and providing ESL tutoring services.**

## Professional Experience

**Columbia University, New York, NY** September 2020 - May 2021
**Speech-Language-Hearing Writing Tutor**

- Coordinated with students weekly to identify weaknesses, resolved questions with speech, language, and hearing science course material, and developed strategies for academic success
- Resolved concerns regarding paper structure, prompts, revisions, and MLA and APA citation formatting

**Columbia University, New York, NY** September 2019 - September 2020
**Classroom Assistant**

- Supported a professor in the execution of two English preparatory courses for incoming first-year students
- Taught two thirty-minute sessions five days a week based on the needs of the students and focused on improving writing abilities and critical thinking skills

## Education

Bachelor of Art in Speech-Language-Hearing Science September 2017 - May 2021
Columbia University, New York, NY
GPA: 3.75/4.0

- Member, American Sign Language Club, 2018-2021
- Member, National Honors Society, 2017-2021
- Dean's List, 2017-2021
- Summa Cum Laude

## Key Skills

Speech-Language-Hearing Therapy
Microsoft Office Suite
Lesson Plan Implementation
American Sign Language
Teaching

- Pink color
- Listing full home/physical address (*unless applying to grad school)
- Education not at the top
- Not efficient use of white space
- Graphs for skills
- Little metrics

# First Last

State, Country | Phone Number(s) | university email | linkedin.com/in/firstlast

## Summary

*Student in the final semester of a Master's in Mechanical Engineering. Fluent in German and English. Committed, diligent and solution-oriented style of working. Interested in an entry-level position in the Composite Structures Design Team.*

## Education

**Swiss Federal Institute of Technology (ETH) Zurich** — **Zurich, Switzerland**
*Master of Science (ETH) in Mechanical Engineering* — *Sep 2021 – June 2024*
*Relevant Coursework*: Adaptive Materials for Structural Applications | Aeroelasticity | Aircraft Aerodynamics and Flight Mechanics | Aircraft Structures | Manufacturing of Polymer Composites | Mechanics of Composite Materials | Production and Operations Management
*Semester Thesis:* "Novel composite manufacturing techniques toward high performance and sustainable materials"
*Master's Thesis with Airbus Helicopters:* "Investigation of a process monitoring system for temperature-accelerated shim curing in structural assembly"

**University of California, Berkeley** — **Berkeley, USA**
*Semester of Study Abroad* — *Jan 2024 – May 2024*
Coursework in polymer materials, political economics, and history

**Swiss Federal Institute of Technology (ETH) Zurich** — **Zurich, Switzerland**
*Bachelor of Science (ETH) in Mechanical Engineering* — *Sep 2018 – Sep 2021*
*Relevant Coursework*: Engineering Design | Fundamentals in Process Engineering | Lightweight Construction | Managerial Economics | Metal Additive Manufacturing | Production Machines
*Bachelor's Thesis:* "Laser Speckle BOS for a Tunnel Fire Backlayering Scenario"

## Work Experience

**Airbus Helicopters Germany GmbH** — **Donauwörth, Germany**
*Master's Thesis* — *Jul 2023 – Jan 2024*
- Evaluated process monitoring sensors for acceleration of structural assembly
- Experimentally investigated sensor's interoperability with current assembly steps
- Assessed investigated sensors based on relevant criteria for series introduction

**Airbus Helicopters Germany GmbH** — **Donauwörth, Germany**
*Technology Intern* — *Jan 2023 – Jul 2023*
- Planned and performed thermal measurements of on-site autoclaves
- Designed production support equipment for structural assembly
- Performed feasibility study of support equipment prototype

**Ludwig Hunger Maschinenfabrik GmbH** — **Kaufering, Germany**
*Manufacturing Intern* — *Jan 2019 – Feb 2019*
- Learned basic manufacturing techniques such as milling, grinding, turning, welding, etc.

## Skills & Languages

**Hard Skills**: Siemens NX, CATIA V5, MATLAB, Abaqus, Microsoft Office, Google Workspace
**Soft Skills:** Self-motivated, Avid learner, Adhering to deadlines, Team-minded and supportive, Systematic approach to problem-solving, Highly reliable & ethical, Quick to adopt and build on feedback
**Languages**: German (native), English (professional proficiency), French (basic knowledge), Chinese (basic knowledge)

## Activities & Memberships

**Red Cross Lifeguards,** *Member* — **Kaufering, Germany**
On-duty at the local swimming pool and recruitment of new members during public events. — *Feb 2017 – Present*

**ETH Model United Nations,** *Participant* — **Zurich, Switzerland**
Participated in weekly sessions simulating various UN bodies and helped to recruit new members. — *Sep 2019 – Oct 2023*

## Leadership Experiences

**ETH Model United Nations Crisis Conference** — **Zurich, Switzerland**
*Conference Director* — *Nov 2022 – Oct 2023*
Developed and organized a new crisis conference for 50 participants from Switzerland leading an Organizing Committee of nine.

**ETH Model United Nations** — **Zurich, Switzerland**
*Board Member* — *Jun 2022 – Jun 2023*
Planned and prepared topics for the weekly sessions and wrote study guides for the roughly 40 regular participants.

# Example CV

*Getting Closer...*

*should include physical mailing address if applying to grad school

*don't use this format if applyiing for a position

*use the word "SUMMARY" v. OBJECTIVE

*don't use columns

## AIGUO WÉNBĚN

*Research Assistant*

aiguo.wenben@email.com
(123) 456-7890
Boston, MA
LinkedIn

### OBJECTIVE

Psychology master's student looking to utilize my expertise in data analysis as a research assistant at Tufts University Neuroscience and Behavioral Health Laboratory. Hoping to leverage my technical background to improve data collection and processing efficiency while contributing to mental health research.

### EDUCATION

Master of Science
Psychology
Tufts University
2020 - 2022
Boston, MA

Bachelor of Science
Psychology
Tufts University
2016 - 2020
Medford, MA

### SKILLS

- Written Communication
- STEM Research
- Scheduling
- Data Analysis
- Data Collection
- Social Media
- Interpersonal Communication
- Budgeting

### WORK EXPERIENCE

Undergraduate Research Assistant
Tufts University Cognitive Aging Lab
2021 - 2022 Boston, MA

- Digitized 1,000+ hours of video data on behavioral mediators to track improvement in cognitive function
- Presented research on dementia, Alzheimer's, and Parkinson's disease during the 2020 research symposium
- Overhauled and updated data organization and processing procedures, improving lab efficiency by 19%
- Conducted an individual research project on memory loss reversal in patients with dementia, contributing to acceptance for the $6M McKnight Innovator Grant
- Communicated with participants for 6 psychology studies to inform them of study instructions and safety rules
- Assisted with various administrative tasks, including copyediting participant materials and organizing documents, decreasing time-to-publication by 36%

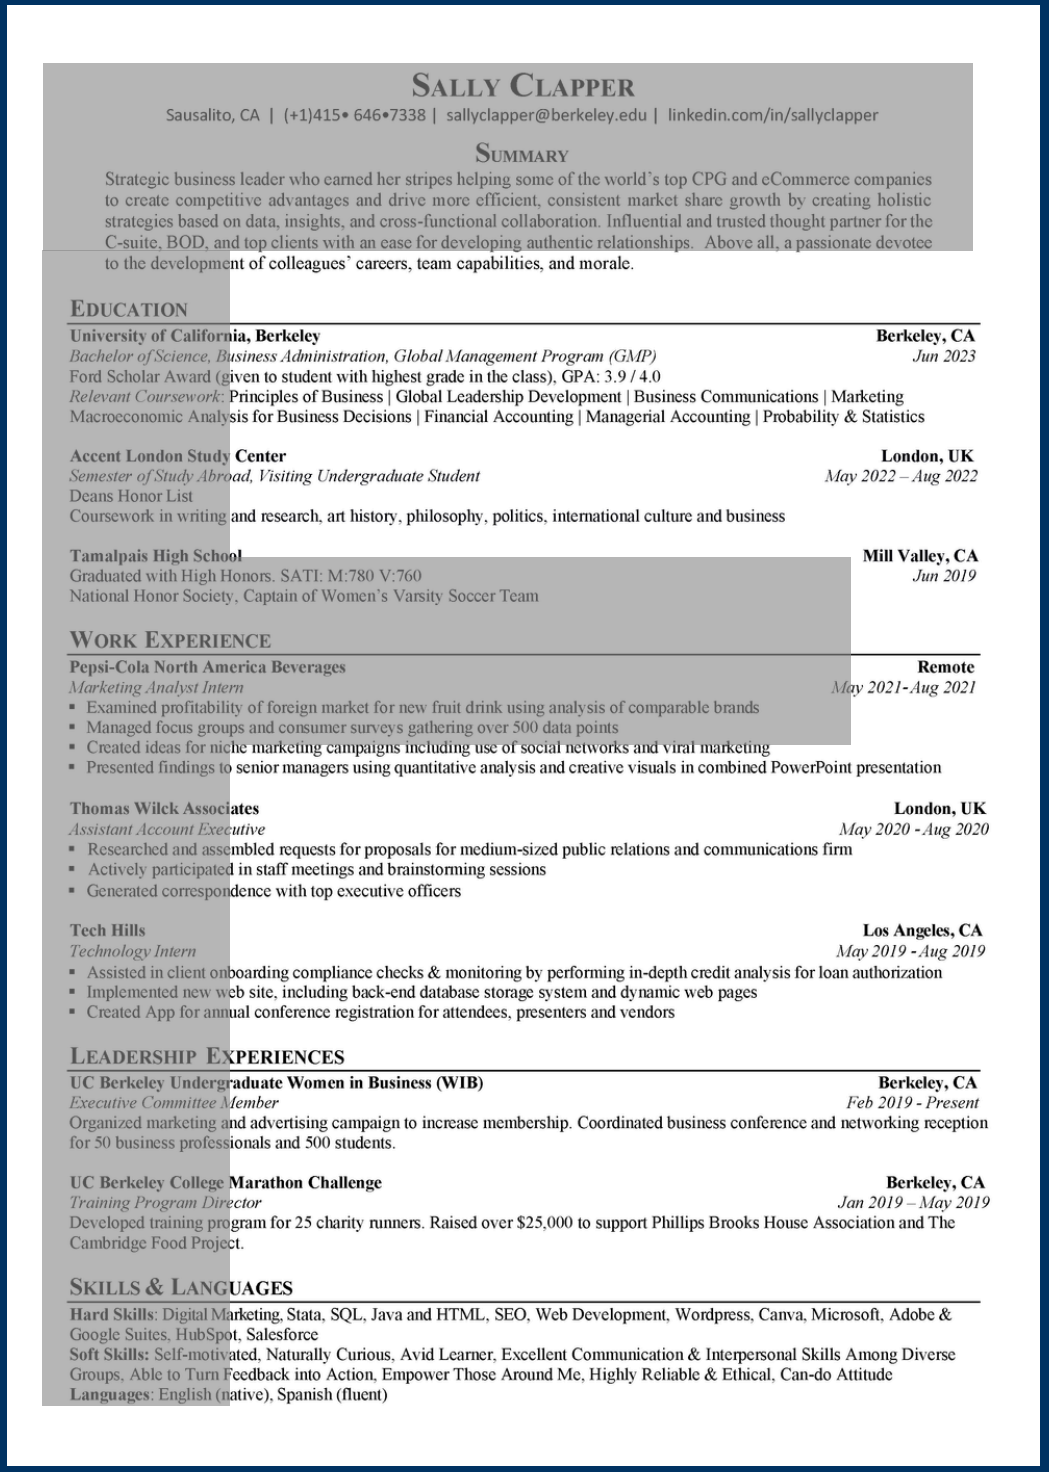

Public Relations Assistant
WorkBoard
2020 - 2021 Boston, MA

- Led communications with 40+ prospective employees by calling applicants, scheduling interviews, and requesting documentation, decreasing candidate no-shows by 28%
- Facilitated media coverage by networking with 43 desirable media sources, increasing the number of backlinks by 41%
- Suggested 6 social media campaign ideas, 2 of which were incorporated into media strategy
- Created 20+ social media posts per month based on current trends, boosting engagement by 74%
- Spearheaded the use of SOV to track media mentions, enabling improvements that generated an extra $300K+
- Conducted routine data analysis on viewership metrics and public perception, identifying and averting 4 potential scandals

Administrative Assistant
Planted, Inc.
2016 - 2020 Boston, MA

- Collaborated with 6 team members to distribute press materials, increasing efficiency by 32%
- Generated forms and reports for new employees, increasing onboarding efficiency by 54%
- Drafted proposals and budget sheets for 14 subcontractors
- Managed 37 executive calendars by coordinating weekly meetings and business trips based on personal preferences
- Answered 20+ phone calls daily, answering questions and directing callers to appropriate personnel

### SKILLS & LANGUAGES

**Hard Skills**: Digital Marketing, Stata, SQL, Java and HTML, SEO, Web Development, Wordpress, Canva, Microsoft, Adobe & Google Suites, HubSpot, Salesforce
**Soft Skills:** Self-motivated, Naturally Curious, Avid Learner, Excellent Communication & Interpersonal Skills Among Diverse Groups, Able to Turn Feedback into Action, Empower Those Around Me, Highly Reliable & Ethical, Can-do Attitude
**Languages**: English (native), Spanish (fluent)

# Top CV Mistakes

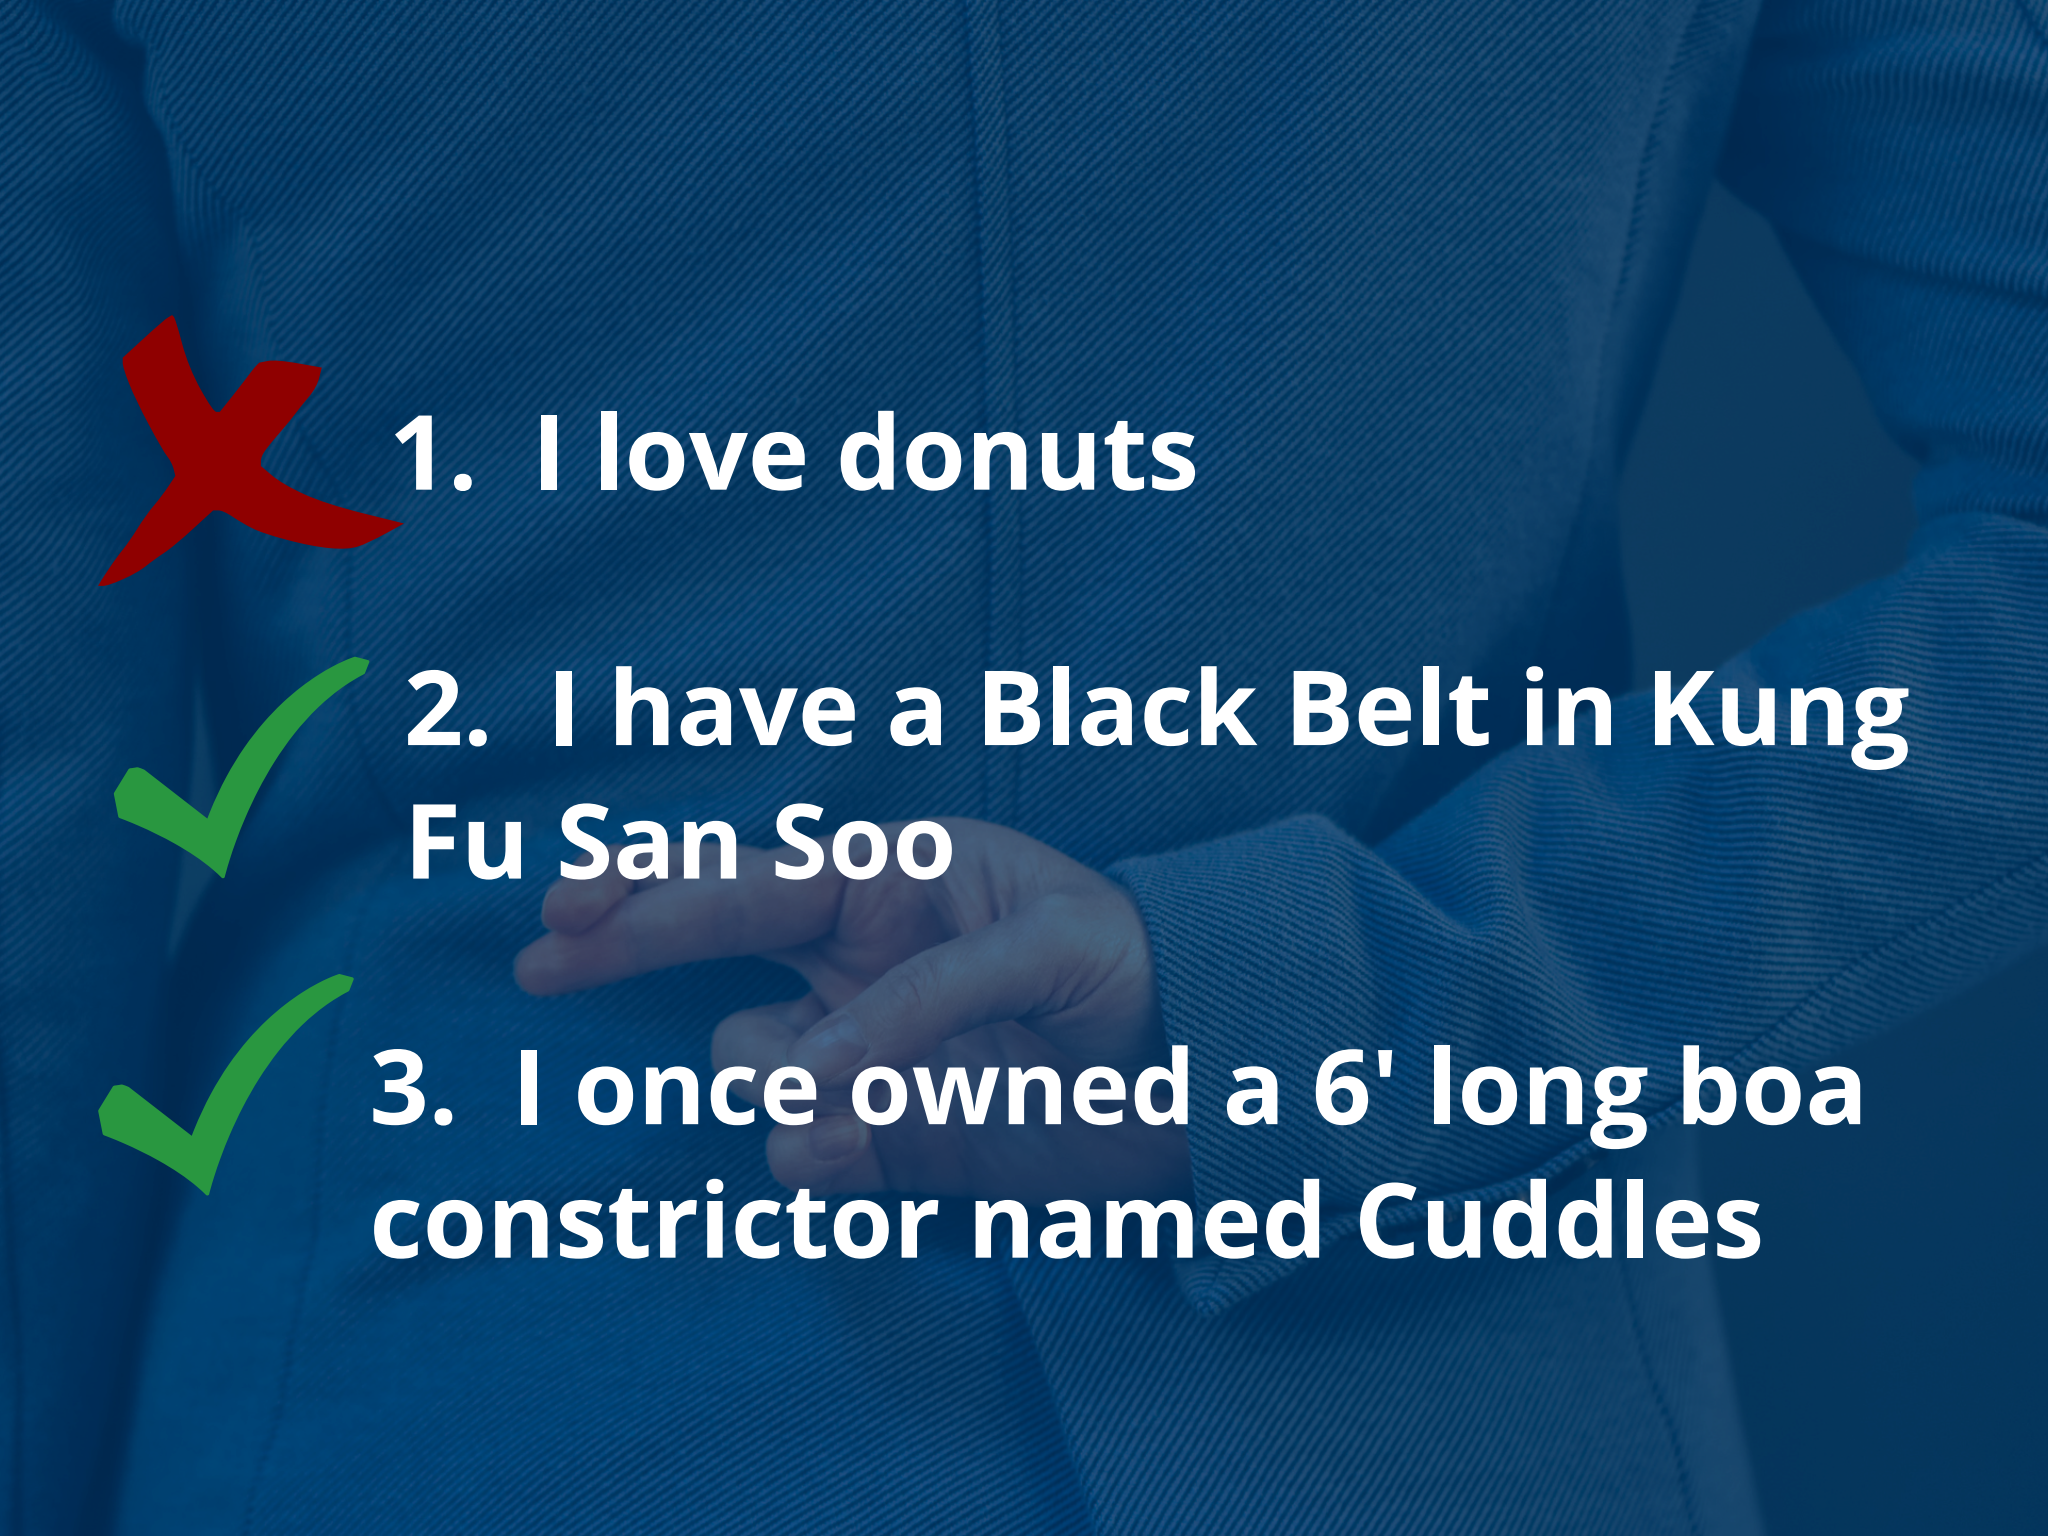

1. Wrong format for purpose
2. Spelling and grammar errors
3. Missing address (if for grad school), email & phone
4. Using passive language instead of “action” words or metrics
5. Not well organized, concise, or easy to skim
6. Inconsistent formatting

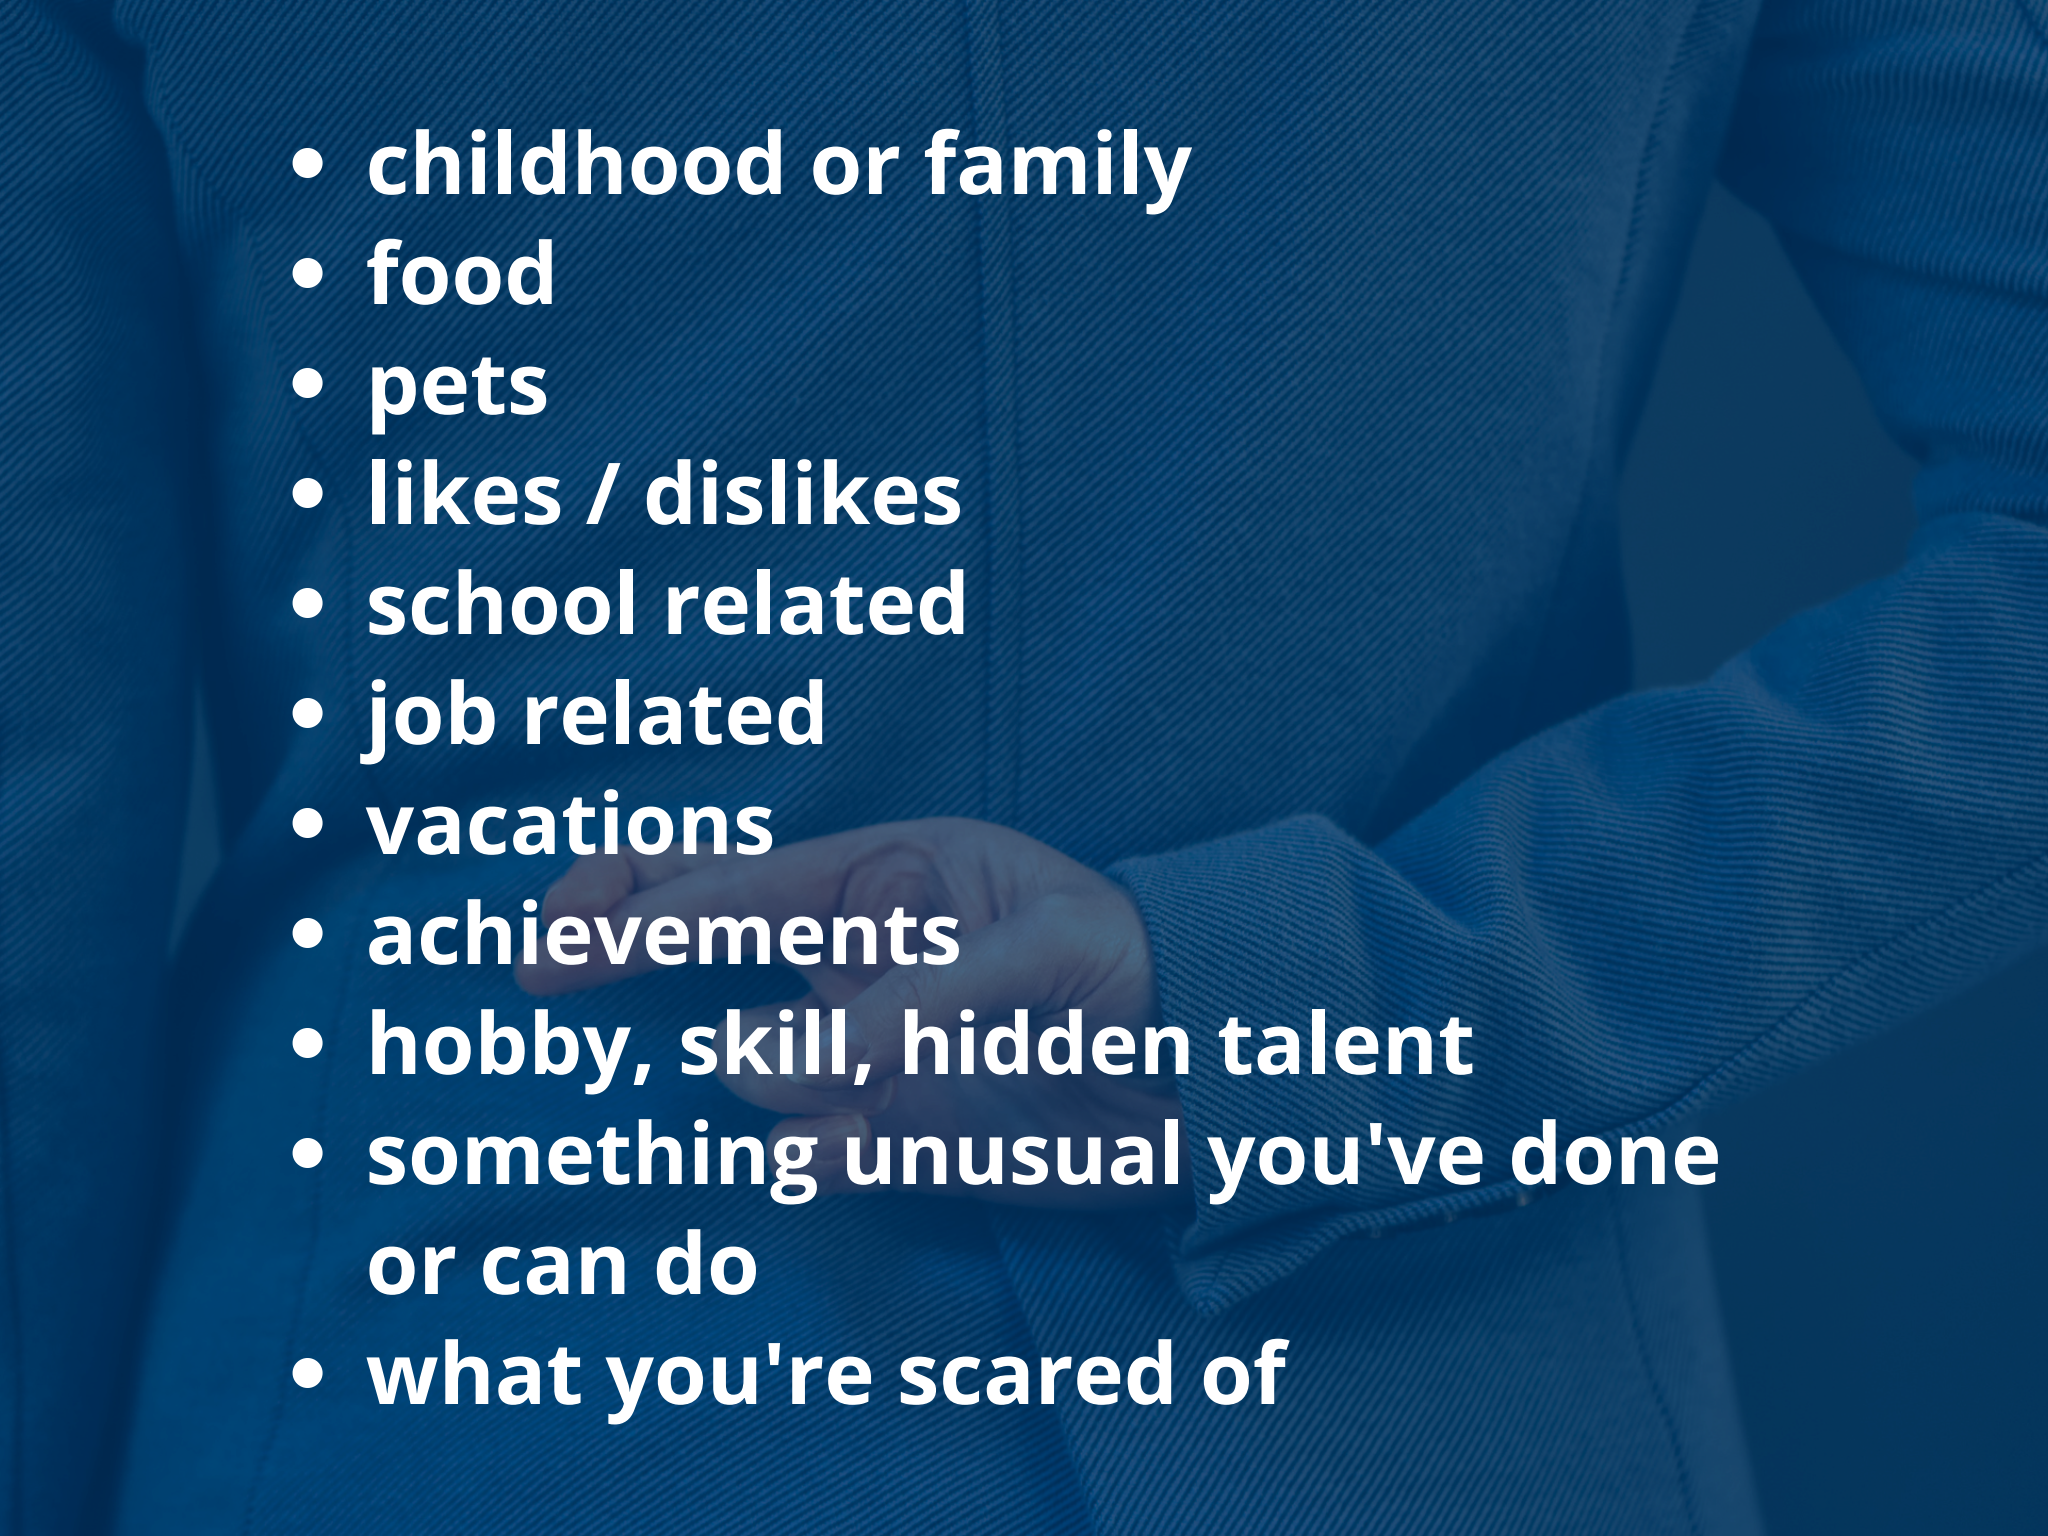

Most admissions officers, recruiters, professors, etc. only spend 30 seconds to scan a CV.

Two Truths
& a Lie

1. I love donuts
2. I have a Black Belt in Kung Fu San Soo
3. I once owned a 6' long boa constrictor named Cuddles

1. I love donuts
2. I have a Black Belt in Kung Fu San Soo
3. I once owned a 6' long boa constrictor named Cuddles

## Summary

*Highly ambitious undergraduate with a dual degree in B.Sc. in Mathematics and Physics and B.Eng. in Civil Engineering. Strong passion for applying advanced machine learning methods to address real-world challenges in transportation domain. My proficiency in a diverse array of programming languages and software, combined with a solid mathematical and physical foundation, has enabled me to excel academically and tackle complex problems effectively. Always ready to embrace new challenges, learn from feedback, and strive for continual improvement in pursuit of impactful solutions.*

## Education

**University of California, Berkeley** — **Berkeley, CA**
*Exchange Student* — *Jan 2024 – Present*
**Relevant Coursework (In Progress):** CE 259 Public Transportation System | EECS 127 Optimization Models in Engineering | CS 188 Introduction to Artificial Intelligence

**Tsinghua University** — **Beijing, China**
*B.Sc. in Mathematics and Physics + B.Eng. in Civil Engineering* — *Expected May 2025*
GPA: 3.95 / 4.00; Rank: 2 / 60
**Relevant Coursework:** Operation Research **(A+)** | Numeric Analysis **(A)** | Applied Statistics and Data Analysis | Data Structure and Algorithm | Transportation Planning | Principles of Economics **(A)**
|M

A

# Let's break it down...

# *Academic/Research Summary Statement*

Junior undergraduate student majoring in Computer Science at Nankai University, currently participating in the Berkeley Global Access program at the University of California, Berkeley. I have conducted extensive research at the Visual Computing and Intelligent Perception(VCIP) Lab under the guidance of Prof. Xiang Li. Additionally, I completed an internship focusing on agent-related projects at Chinasoft International Co., Ltd., where I was honored with the Individual Excellence Award.

My current research interests lie in:

- Fine-tuning LLM
- Multimodal Learning
- Building LLM-based agent
- Enhancing model reasoning through reinforcement learning

GENERIC IS FORGETTABLE,

CONTEXT MAKES YOU MEMORABLE

**Developed image-processing pipeline for neural data (used by 2 labs)**
*Emphasize methods, tools, impact.*

**Technical Skills & Software**
*Programming (Python, R) | Data (MATLAB, STATA) | Tools (Git, Tableau)*

**Leadership & Outreach (Optional)**
*Led student mentorship program for 20 peers to support STEM careers.*

**Rewrite to Include Metrics & Show Impact**

- *Worked in lab → "Prepared and analyzed 50+ samples weekly using spectroscopy."*
- *Helped project → "Collaborated on 3-person team to prototype sensor reducing error by 8%."*

# EDUCATION SECTION

## EDUCATION

- Reverse Chronological
- Include Relevant Coursework
- List GPA, Awards or Honors

*NOTE: make it very easy for resume/CV readers to know what your GPA and scores mean in the US*

# SKILLS SECTION

**Include Soft Skills**
***especially if listed in university program description**

## SKILLS & LANGUAGES

***Technical Skills***

- Python: Proficient in data analysis and building machine learning models using scikit-learn, NumPy, Pandas, and PyTorch
- R: Skilled about conducting various statistical tests, developing models for survival analysis, and creating maximum likelihood estimations for diverse time-dependent models
- MATLAB: Skilled in numerical solutions of Partial Differential Equations (PDEs) and Ordinary Differential Equations (ODEs)

***Soft Skills:*** Self-motivated and self-directed, proficient in transforming feedback into actionable insights, consistently ahead of deadlines, adept at aligning objectives with practical realities, excel in high-pressure environments, utilize common sense and logical reasoning, skilled in organization and structuring tasks

***Languages:*** English (fluent), Chinese (native)

## NOTE ON LANGUAGES

| | |
|---|---|
| Basic | Proficient |
| Intermediate | Fluent |
| Conversational | Native |

**IF you use TOEFL, ILR, CEFR, ACTFL make sure the reader knows the scale**

## PUBLIC SERVICE EXPERIENCE

**UC Berkeley Department of Social Services** — **Berkeley, CA**
*Intern* — *Sept 2019 - Present*
- Conduct site visits to local social service agencies to assist in evaluating effectiveness of service delivery.
- Observe experienced counselors and social workers in private settings with clients.
- Analyze data to determine trends in service usage.

**Alternative Family Services** — **San Francisco, CA**
*Summer Urban Program Counselor for Foster Care Families & Children* — *Jun 2020 – Aug 2020*
- Organized activities at summer camp encouraging academic achievement among inner city and under-resourced children.
- Managed $500 activities budget.
- Produced and implemented curriculum for girls ages 11-12 exposing campers to female leaders in community, community service, and health education.

## TECHNICAL SKILLS

**Programming:** C++, SQL, R, Perl, Python, MATLAB, Java, OCaml.
**Operating Systems:** Windows, MAC OS, and Linux.
**Web Design:** Designed www.abc.com, www.xyz.com

## RESEARCH EXPERIENCE

**Stanford Nanotech Research Center** — **Palo Alto, CA**
*Research Intern* — *Jun 2020 – Aug 2020*
Project: Microfabrication of Thin-film Heaters to Simulate Hotspots
- Fabricated devices for testing effectiveness of nanoscale patch used to cool down hotspots on microprocessors.
- Utilized cleanroom facilities to create devices with hotspot heater and temperature sensors to simulate heat generation.

## PERFORMING ARTS EXPERIENCE

**Mainly Jazz Dance Company** — **San Francisco, CA**
*Dancer / Choreographer* — *Oct 2019 – Present*
Perform traditional jazz, lyrical, hip hop, funk, and modern dance at performances open to public throughout the year. Teach dance routines weekly to 20+ students at local elementary school.

## ACTIVITIES & MEMBERSHIPS

**Lowell House Committee** — **Berkeley, CA**
*Member* — *Mar 2019 - Present*
Collaborate on social and community service activities.

**Marin General Hospital** — **Berkeley, CA**
*Hospital Volunteer* — *Jan 2019 – May 2019*
Committed 3 hours per week greeting patients.

## LEADERSHIP EXPERIENCES

**Stanford Society of Black Scientists & Engineers** — **Palo Alto, CA**
*Executive Committee Member* — *Sept 2019 – Jun 2020*
Provided strategic direction and developed annual goals for this 90-member student group. Organized board and general meetings. Oversaw existing activities, programs, and collaborations with other student organizations. Represented group in Black Community Leaders Organization.

**UC Berkeley Computer Society** — **Palo Alto, CA**
*Membership Coordinator / Board Member* — *Sept 2019 – Jun 2020*
Organized marketing and advertising campaign, resulting in 20% increase in membership. Coordinated tech conference and networking reception for 30 professionals and 75 students. Upgraded and enhanced website.

# OPTIONAL RESUME/CV CATEGORIES

- Languages
- Technical Skills
- Key Competencies
- Research Experience
- Leadership Experiences
- Activities & Memberships
- Public Service Experience
- Volunteer Work
- Performing Arts Experience
- Publications

**NOTE:**
**Only include references if required**

# NOTE ON INTERESTS / HOBBIES

**DO include relevant interests in your CV when applying to graduate schools, academic positions or programs.**

**DON'T list interests on your resume/CV if applying for a job or non-academic internship UNLESS it is somehow relevant to the role OR showcases your versatility, dedication, leadership skills or work ethic.**

## ACADEMIC RESEARCH

**Integrating Socioeconomic Indicators with Satellite Imagery for Predicting Travel Behavior in Chicago**

*Advised by Professor Jinhua Zhao and Ph.D. Qingyi Wang at MIT* *Jun 2023 – Present*

- Leveraging generative AI model VQ-GAN to fuse satellite imagery and socioeconomic indicators, aiming to predict travel behavior in Chicago
- Developing an innovative approach to reduce the parameter size of VQ-GAN, enhancing its efficiency and applicability
- Utilizing synthesized satellite imagery, informed by socioeconomic data, to guide and improve urban planning in Chicago
- Under preparation for submission to the conference "*SIGKDD 2025*"

**Predicting Urban Traffic Accident Duration: Integrating Deep Learning with Survival Analysis**

*Advised by Professor Ruimin Li at Tsinghua University* *Sep 2022 – Present*

- Incorporated neural network into traditional survival analysis models, enhancing predictive performance in nonlinear scenarios while preserving the interpretability of statistical models
- Enhanced accuracy in predicting urban traffic accident durations, testing with accident data on Beijing 4th Ring Road
- Under review by the journal "*Transportation Research Part C: Emerging Technologies*"

**Solving High-Dimensional Reachability Problems through Deep Learning**

*Advised by Professor Alexandre Bayen and Ph.D. Zhe Fu at UC Berkeley* *Jan 2024 – Present*

- Developing a neural PDE solver for high-dimensional Hamilton-Jacobi (HJ) reachability analysis
- Leveraging advanced deep learning techniques to significantly enhance the computational efficiency and accuracy of solving high-dimensional HJ equations

## AWARDS & HONORS

**Outstanding Innovation in Science and Technology Scholarship, Tsinghua University** *Oct 2023*
*Top 5% Award for academic excellence, leadership, and extracurricular involvement*

**Outstanding Innovation in Science and Technology Scholarship, Tsinghua University** *Oct 2023*
*Top 5%, awarded to student demonstrating exceptional performance and innovation in the fields of science and technology*

**Outstanding Winner & IFORMS Award, Mathematical Contest In Modeling** *May 2023*
*Top 0.5%, exemplifying superior analytical skills and creativity in a global mathematical modeling competition*

**Outstanding Academic Scholarship, Tsinghua University** *Oct 2022*
*Awarded to students who achieve a GPA within the top 10%*

## ACTIVITIES

**Latest Achievement in Transportation Engineering and Logistics Winter School** **Beijing, China**
*Online Course by Tsinghua University and Technical University of Munich* *Nov 2022*

- Engaged in a comprehensive online course covering key aspects of transportation systems analysis and logistics, with a focus on e-commerce case studies
- Explored advanced topics including urban multi-level traffic state estimation, control methods, and the environmental impact of transport infrastructure

## LEADERSHIP EXPERIENCES

**Transportation Culture Association, Tsinghua University** **Beijing, China**
*Vice President* *Jun 2023 – Present*

- Spearhead a series of expeditions to various regions, delving into local transportation cultures and practices
- Organize field research visits to major transportation hubs, including high-speed train stations and subway stations, to conduct comprehensive studies and assessment

Garcia, M. L., & Kim, S. H. (2019). Advancements in renewable energy technologies. In P. Brown & R. Davis (Eds.), ***Proceedings of the International Conference on Renewable Energy*** (pp. 210-220). IEEE. https://www.ieee.org/proceedings/renewable_energy_2019

**EMPHASIZE "HYBRID CAREER READINESS"**

- More graduate programs (esp. Masters) now expect applicants to demonstrate both academic rigor and applied, real-world relevance.

**SHOW RESEARCH that connects theory to social impact or industry applications**

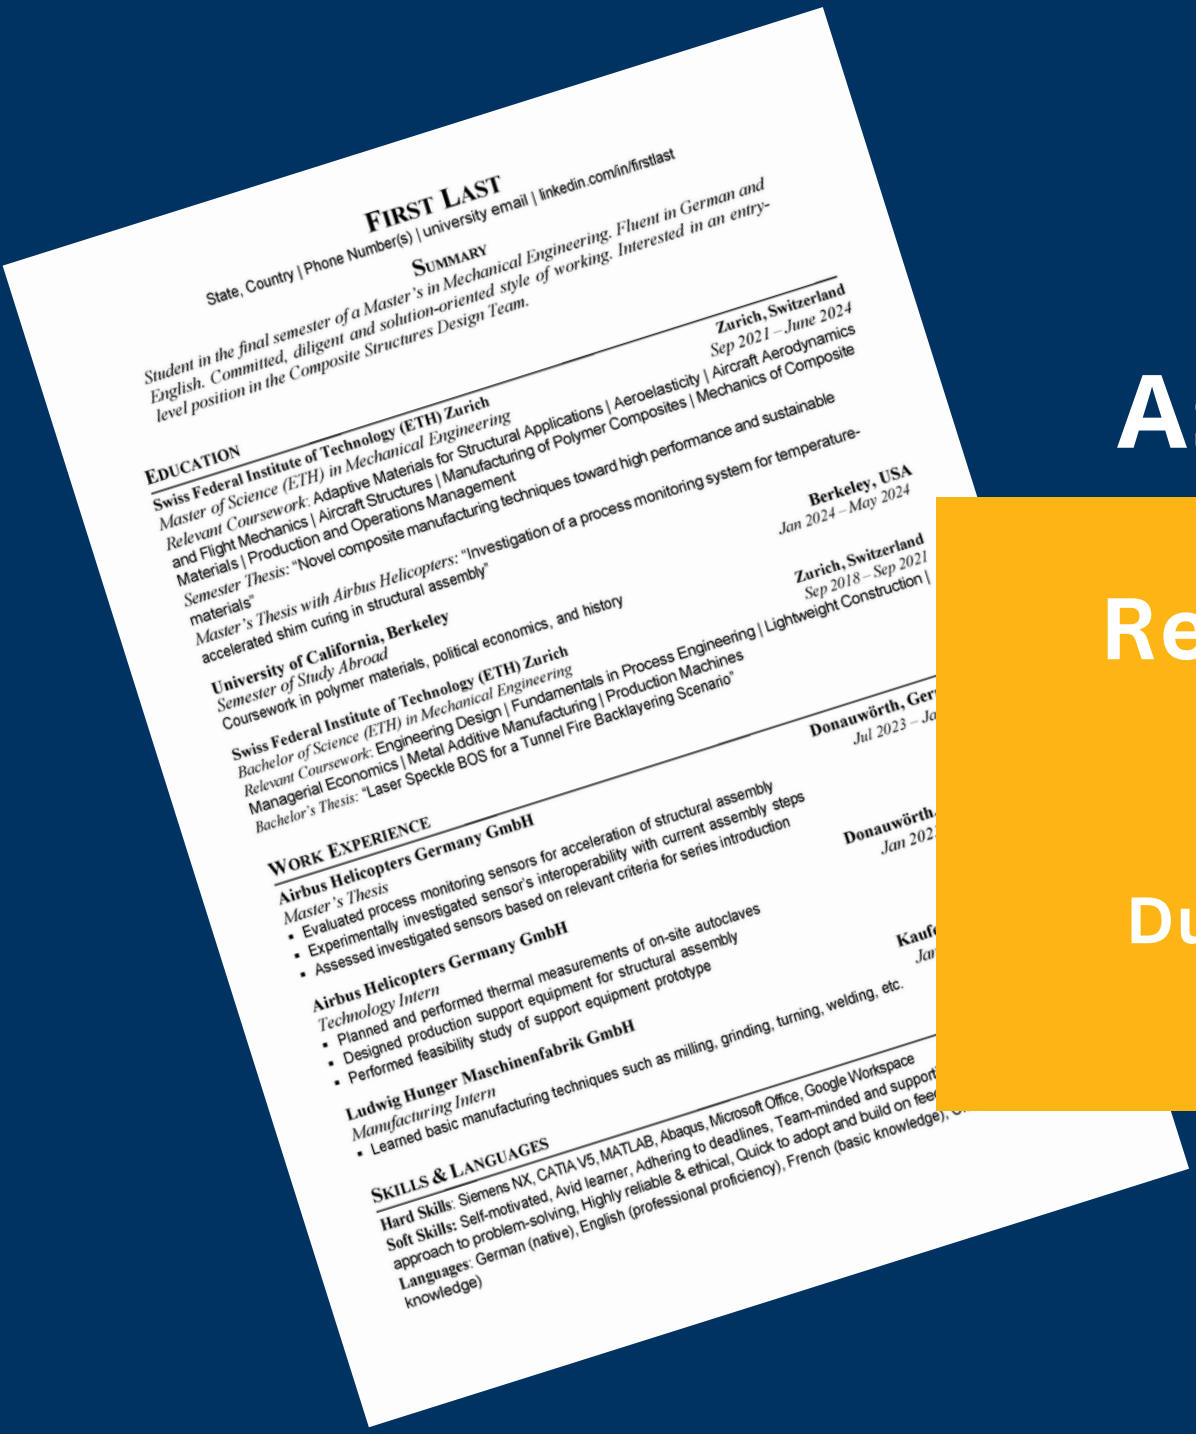

- Collaboration experience across borders, disciplines, or modalities (remote research, virtual labs, etc.).

**MENTION AI LITERACY AND ETHICAL AWARENESS**

- For 2025–26, several top U.S. and global universities (e.g., Columbia, LSE, HKUST) explicitly note AI competency as a plus
- Add a mini-section:
  - Digital & Research Tools" or "AI & Analytical Skills"
    (e.g., ChatGPT, Elicit, Zotero, SciSpace, Tableau, Stata, NVivo)

**STRUCTURE & READABILITY**

- 2 pages for MS/MEng/MA/MBA and 3–4 for PhD

SUMMARY

*Student in the final semester of a Master's in Mechanical Engineering. Fluent in German and English. Committed, diligent and solution-oriented style of working. Interested in an entry-level position in the Composite Structures Design Team.*

EDUCATION

**Swiss Federal Institute of Technology (ETH) Zurich** — **Zurich, Switzerland**
*Master of Science (ETH) in Mechanical Engineering* — *Sep 2021 – June 2024*
*Relevant Coursework*: Adaptive Materials for Structural Applications | Aeroelasticity | Aircraft Aerodynamics and Flight Mechanics | Aircraft Structures | Manufacturing of Polymer Composites | Mechanics of Composite Materials | Production and Operations Management
*Semester Thesis*: "Novel composite manufacturing techniques toward high performance and sustainable materials"
*Master's Thesis with Airbus Helicopters*: "Investigation of a process monitoring system for temperature-accelerated shim curing in structural assembly"

**University of California, Berkeley** — **Berkeley, USA**
*Semester of Study Abroad* — *Jan 2024 – May 2024*
Coursework in polymer materials, political economics, and history

**Swiss Federal Institute of Technology (ETH) Zurich** — **Zurich, Switzerland**
*Bachelor of Science (ETH) in Mechanical Engineering* — *Sep 2018 – Sep 2021*
*Relevant Coursework*: Engineering Design | Fundamentals in Process Engineering | Lightweight Construction | Managerial Economics | Metal Additive Manufacturing | Production Machines
*Bachelor's Thesis*: "Laser Speckle BOS for a Tunnel Fire Backlayering Scenario"

WORK EXPERIENCE

**Airbus Helicopters Germany GmbH** — **Donauwörth, Ger**
*Master's Thesis* — *Jul 2023 – Ja*
- Evaluated process monitoring sensors for acceleration of structural assembly
- Experimentally investigated sensor's interoperability with current assembly steps
- Assessed investigated sensors based on relevant criteria for series introduction

**Airbus Helicopters Germany GmbH** — **Donauwörth**
*Technology Intern* — *Jan 202*
- Planned and performed thermal measurements of on-site autoclaves
- Designed production support equipment for structural assembly
- Performed feasibility study of support equipment prototype

**Ludwig Hunger Maschinenfabrik GmbH** — **Kauf**
*Manufacturing Intern* — *Ja*
- Learned basic manufacturing techniques such as milling, grinding, turning, welding, etc.

SKILLS & LANGUAGES

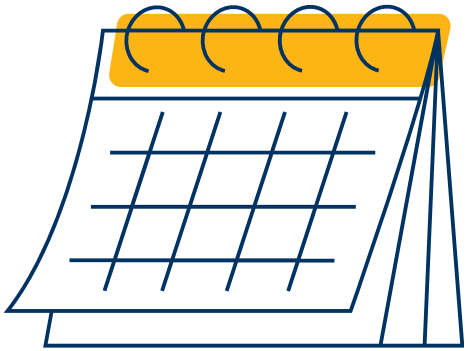

**Hard Skills**: Siemens NX, CATIA V5, MATLAB, Abaqus, Microsoft Office, Google Workspace
**Soft Skills:** Self-motivated, Avid learner, Adhering to deadlines, Team-minded and support approach to problem-solving, Highly reliable & ethical, Quick to adopt and build on fee
**Languages**: German (native), English (professional proficiency), French (basic knowledge), knowledge)

# Assignment 4

## Rewrite or create your CV

## Due EOD Wednesday, 10/15

# COACHING
