INSIDER TIPS FOR SECURING STRONG LETTERS OF RECOMMENDATION

Berkeley
UNIVERSITY OF CALIFORNIA

KEY POINTS IN LORs

How capable is this student academically?

What is their potential for graduate study or research?

Would I admit this student to my own program?

🟦 Best letters sound personal, specific, and credible.

CHOOSING WHO TO ASK

✅ Knows your work well (taught or supervised you)

✅ Relevant to your field or program

✅ Can write detailed, credible examples

💡 TIPS

Have 1–2 backup options ready
Cultivate relationships early

THE REQUEST PROCESS

- Engage in a face-to-face meeting, if possible, to see if they would be willing to write you a LoR
- If you can’t meet in person, use email or a phone call
- **Steps to Follow After Receiving Their Confirmation:**

  Send an email with more details:
  - CV, transcripts, accomplishments, projects, research.
  - Clear information about your motivations, aspirations, and the specific program details.

EXAMPLE EMAIL REQUEST
(after you've asked in person & they've agreed)

Dear Professor [Surname],

Thank you for agreeing to write a Letter of Recommendation for me. I will start submitting my applications as early as November for programs I am applying to for Fall 2026.

I am aiming to apply to [X#] in programs related to [fields/program names]. The application deadlines are varied – the soonest would be November 15th and then continue into January 2026.

I've attached drafts of my CV and Statement of Purpose (SOP) and am also attaching a document that lists the programs I'm applying to along with specific info they are asking of recommenders. I'm hoping these give you more insight into me as well as specifics you can speak to in your letter.

Please let me know if you need further information.

Warm regards,
[Your Name]

PS - I've also attached a guide with key points graduate school application committee members consider to be of most importance in LORs.

EXAMPLE REQUEST EMAILS

ATTACHING DOCUMENTS TO YOUR INITIAL EMAIL REQUEST

Dear Professor [Surname],

Thank you for meeting with me in office hours. I'm really grateful to have had the opportunity to learn from you while here in Berkeley this semester. I'm reaching out to see if you would be willing to write me a letter of recommendation as I will be applying to graduate schools in [insert timeline or dates].

I've attached my CV and [writing sample, statement of purpose, motivation letter, list of programs, future goals, etc.] Please let me know if you need anything further from me or how I can make this as easy as possible for you.

Warm Regards,
[Your Name]

EXAMPLE REQUEST EMAILS

OPTION A - EMAIL REQUEST WITHOUT YET SHARING ANY DOCUMENTS:

Dear Professor [Surname],

Again, I'm truly grateful to have had the opportunity to learn from you this semester. I'm reaching out to see if you are willing to write a letter of recommendation for me. If yes, please let me know if you need any further information from me and if there is any way I can make it as easy as possible for you.

I do also have a short guide with tips on writing strong letters of recommendation that one of my professors in the BGA program provided along with example LORs. If this might be helpful, let me know and I'll send it to you.

Warm Regards,
[Your Name]

ASKING IN ADVANCE

If you are not applying for Fall 2026, you can still ask for recommendations from professors whose classes you are currently taking.

- **Tips:**
  - Make the request while you are still fresh in their memory.
  - Be clear about your timeline and commitment to keeping them updated.

EXAMPLE EARLY REQUEST:

Dear Professor [Surname],

I’m so grateful for the valuable research experience I gained this semester while attending the BGA program here at Berkeley. I truly appreciated your guidance and support, and I've learned so much from my time in your lab.

As I’m planning to apply to graduate school in the US, I wanted to ask if you would kindly be willing to write a letter of recommendation from me. Your insight into my abilities and potential would be very helpful. I understand if you are unable to commit at this time, but knowing your decision will help me plan accordingly.

As you I shared before in office hours, I won’t be applying for another year or so, but I wanted to ask now while your memory of me is current and fresh. If you are willing to write a LOR, I will email you every few months to keep you updated on my academic and research progress.

Thank you for considering my request, and I look forward to your response.

Warm Regards,
[Your Name]

Panel Speakers Next Week

Henry Tsang

linkedin.com/in/henry-tsang

Assistant Dean, UC Berkeley Global,
University of California, Berkeley

Constantin Ertel

	GRE	GMAT
Full Name	Graduate Record Examination	Graduate Management Admission Test
What's It for	Admission to range of grad programs, incl. Master's and PhD programs globally	Admission to business schools and MBA programs globally
Length	Approx. 2 hrs (new format)	Approx. 3 hrs 30 mins (incl. breaks) Focus Edition 2hrs 15 mins
Content	• Analytical Writing • Verbal Reasoning • Quantitative Reasoning	• Analytical Writing Assessment • Integrated Reasoning • Quantitative Reasoning • Verbal Reasoning
Score Range	Verbal – 130 to 170 Quantitative – 130 to 170 Analytical Writing: 0 to 6	200 to 800
Cost	$220	$275*
Min. Prep Time	2-3+ months of focused study	2-3+ months of focused study

	LSAT
Full Name	Law School Admission Test
What's It for	Admission to law schools primarily in the US and Canada
Length	Approx. 3 hrs (new format 8/2024)
Content	• Analytical Writing • 2 scored Logical Reasoning (LR) • 1 scored Reading Comprehension (RC) • 1unscored section of either LR or RC (used to test for future questions) • LSAT Argumentative Writing (unscored but required)
Score Range	120-180
Cost	$215
Min. Prep Time	2-3 months of focused study, although many prepare for 3-6 months

	MCAT
Full Name	Medical College Admission Test
What's It for	Admission to medical schools in the US, Canada, and other countries
Length	7 hrs 30 mins (including breaks)
Content	• Biological and Biochemical Foundations of Living Systems • Chemical and Physical Foundations of Biological Systems • Psychological, Social, and Biological Foundations of Behavior • Critical Analysis and Reasoning Skills (CARS)
Score Range	472 to 528
Cost	$330 (addt'l fees may apply for late registration, test center changes, etc.)
Min. Prep Time	3-6+ months of intensive study

GRE SCORES

About Your *GRE*® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores are sent to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one or as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures outlined in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Print Date: August 8, 2024

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see https://www.ets.org/gre/test-takers/general-test/scores/understand-scores.html .

If you have any questions concerning your score report, email GRE Services at **gre-info@ets.org** or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

IMPORTANCE OF AN ERROR LOG

**also known as missed question log*

Problem	Content Tested	What I Did Wrong	TAKEAWAY	Re-do Date		
CAT 3, Quant 25	Overlapping Sets with male and female butterflies, and blue and red butterflies	I took a percentage of the male butterflies, but it should have been of the blue male butterflies.	For Overlapping Sets, I will always double check which subgroup I am supposed to be focused on.	April 15		
CAT 3, Verbal 16	SC - Aunts in Venice - verb tense and sub/verb agreement	I got the verb tense right, but I missed that "Neither" is singular in this case.	I will be on the lookout for words like "Either" and "Neither", and will double check subject verb agreement.	April 17		

Magoosh Error Log Template

3-month Study Schedule

ADDITIONAL TIPS

- Use the pomodoro method
- Find a study group or accountability partner
- Drill mini problems sets (5, 8, or 10 questions all within the same topic/field)
- Alternate which sections you study each week
- Weekly practice tests near the end

	DAY 1	DAY 2	DAY 3	DAY 4	DAY 5	DAY 6	DAY 7
WEEK 1 (Content Phase)	• Full Length Diagnostic Practice Test • Begin Missed Questions Log (MQL)	• QR-Arithmetic: Integers, Divisibility, Factorization,Prime Numbers, Remainders • VR-Vocabulary: 20 new words	• QR-Algebra: Operations with Exponents, Factorization & Simplifying Expressions • QR-1 Mixed Practice Set • VR-Vocabulary: 20 new words	• QR-Geometry: Parallel/Perpendicular Lines, Circle Formulas • QR-Data Analysis: Interpeting Line Graphs, Bar Graphs, Circle Graphs • VR-2 Reading Comprehension Passages & Questions • VR-Vocabulary: 20 new words	• QR-Data Analysis: Descriptive Stats (Mean, Median, Mode, Quartiles, Percentiles) & Measures of Spread (Range, Interquartile Range, STandard Deviation) • VR-Vocabulary: 20 new words	• QR-Arithmetic: Odd v.
